

CITY OF RUTLAND, VERMONT

Seventy-Ninth Annual Report

Fiscal Year Ending June 30, 1971

THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag
of the United States of America
and to the Republic for which it
stands, one nation under God,
indivisible, with liberty and justice
for all.*

79th Annual Report

Fiscal Year

July 1, 1970 to June 30, 1971

City of

Rutland, Vermont

Foreword

Each year a concise yet comprehensive accounting of the City's business and activities is published for you—the stockholders in the City of Rutland. This report is for your use. Give it the same careful consideration and study you would give to your own business.

Original approved bills supporting expenditures are on file in the City Clerk's Office and cancelled checks on file in the office of the City Treasurer. Any interested citizen is welcome at any time to call at the City Hall and examine vouchers and cancelled checks.

The youth of Rutland in particular are urged to read this book and to study city government, for on the shoulders of today's youth rests the well-being of the Rutland of tomorrow.

The Administration desires to express appreciation for cooperation given it and again to urge citizens to attend the bi-monthly Council Meetings.

TABLE OF CONTENTS

Foreword.....	2
Administration.....	6
Aldermanic Committees.....	4
Assessors.....	76
Building Inspector.....	66
City Attorney.....	64
City Auditors.....	111

NEW STATE OF VERMONT VOTING REQUIREMENTS

Office Hours
For Voter Registration
Monday through Friday
8:30 A.M. to 5:00 P.M.

Changes in Voting and Residence Requirements

The purpose of this memorandum is to make you aware of the changes in voting and residence requirements created by Act 90 of the Acts of 1971.

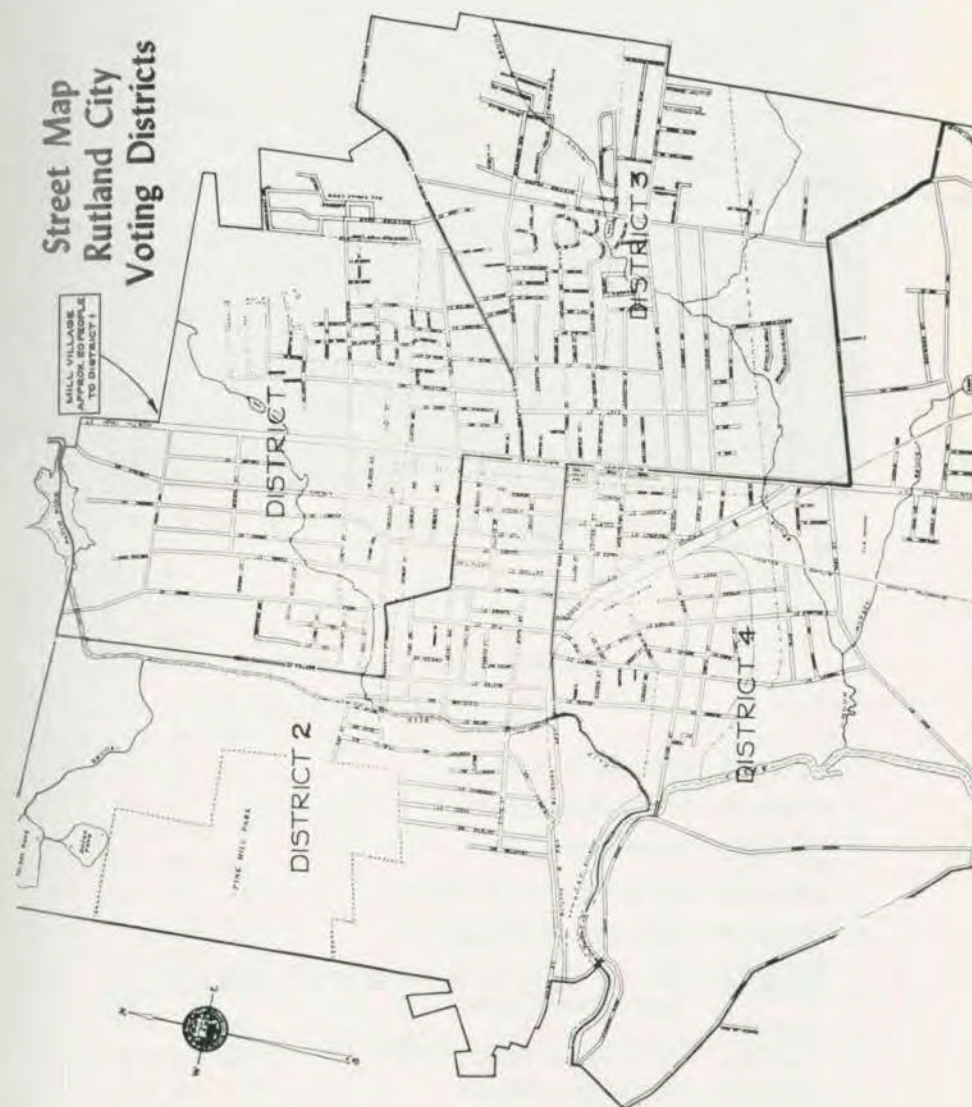

- (1) The age of majority has been changed from 21 to 18 years of age.
- (2) All persons whose names did not appear on the check list used at the March 2, 1971, town meeting must file in the office of the town clerk a written statement certifying as to the length of time they have been residents of that town.

LISTED BELOW ARE THE BASIC REQUIREMENTS FOR RESIDENCE UNDER THE NEW LAW !!!

- (a) To vote for electors of President and Vice President of the United States, one must have resided in the State for 30 days, taken the Freeman's Oath, and completed the above-mentioned form.
- (b) To vote in Primary and General Elections for United States Senators, representative to Congress and State Officers, one must have resided in the State for 90 days, taken the Freeman's Oath, and completed the above-mentioned form.
- (c) To vote for County, Senatorial District or Representative District officers, one must have resided in the county, senatorial or representative district for 90 days, taken the Freeman's Oath, and completed the above-mentioned form.
- (d) To vote in General Elections for Justices of the Peace, one must have resided in the town for 90 days, taken the Freeman's Oath, and completed the above-mentioned form.
- (e) To vote at municipal meetings, one must have resided in the municipality for 180 days, taken the Freeman's Oath, and completed the above-mentioned form.

These changes will become effective July 1, 1971.

JOHN W. BARRETT
City Clerk

Kristina E. Barrett is sworn in by her father as the first 18 year old registered voter in Vermont.

-- WHERE TO VOTE --

SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 31 regular men, a chief, a captain, a lieutenant (detective), and administrative clerk, 2 traffic clerks and approximately 75 special officers. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 24 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$200.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Dump may be found elsewhere in this report.

Zoning Ordinances are available at the City Clerk's Office.

The Municipal Swimming Pools are located on North Main Street (US 7) and White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

Rutland Mental Health Service, Inc. is now located at 78 South Main Street.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 P.M.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country.

CITY ELECTION day is the first Tuesday in March—March 7th, 1972.

Copies of individual city ordinances are available to the public.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Power Lawn Mowers—It is a violation of City Ordinances to use power lawn mowers in such a manner that they blow grass or leaves into the street. (R.O.R. Sec. 4462)

Dog Ordinance is to be found elsewhere in this report.

Early History of Rutland

The City of Rutland is presently in the process of purchasing the Seventh Day Adventist Church for future use of the Rutland Historical Society.

In a letter to Mr. Carleton Wilson, Honorable George N. Harman, former County Clerk of Rutland County, reminisces about this location. We express our appreciation to Mr. Wilson and Mr. Harman for the interesting excerpts.

* * *

"I was, tho, interested in the historical events relative to the former occupancy of that building, and one thing of importance to me was omitted. As, of course, you well know, that building was, around the years of 1898 - 19(?), the barn connected with the residence of the late David W. Temple, father of Ruth and Bob Temple, now occupied, I believe, by Dr. "Chunky" Beale (or was when I left Rutland). The lot, where Clem Forte's house is now located, was a vacant lot, and later that house was built by a former Miss Olmstead, whose parents gave the name to the street that we lived on for more than 40 years (Olmstead Pl.) During the time the Temples lived in the Beale house, Mr. Temple was the operator of the Maple Grove Farm on the Creek Road, and in addition to raising cattle and dispensing the milk therefrom, they also raised sheep. From 1899 to 1901, our family was living at the Old Page House, now Sycamore Inn Apts., and the John C. Temple family was living in the brick house at the corner of E. Washington St. and So. Main. On the Temple farm, at that time, Bob and Wayne Temple had taken two ram sheep and trained them to draw a small wagon, which was built like a fire engine. I presume that they got the idea from the fact that Station #2 was then located in the Nickwacket St. building, and many of us used to hang around the station, hoping to have a fire alarm turned in and see the horses come out of their respective stalls and put their necks under the collars which were suspended from the ceiling. After the rams were well trained and the harnesses made, Wayne and Bob Temple organized a fire company of its own, and some of the neighborhood kids were the members of the company. Aside from the Temples, names that I can remember were Ernie Dexter, whose parents lived in that house on the site of the house which Zeke Eddy afterward built; Hopghie Wood, and, I believe, Fred Chaffee, Ned Shaw and Harry Williams. In those days, every fire company had a dog (usually a Dalmatian) which ran along side of the fire truck to the fires. After "our" fire company was formed, some one of my "fresh" brothers asked me what my duties in the fire company were, and before I could answer, one of them said that I "probably was the dog."

Well, things in that neighborhood have greatly changed since those days. The Francisco house, where Dr. Stickney has his office, was there, but the two buildings between that house and the big house which Angelo Spero now owns, were not built. The old high school has been torn down and the new fire station erected. The Odd Fellows Hall had not been built, and in the winter, the west end of the City Park was usually flooded, and that was the skating rink for our neighborhood, when we did not want to walk as far as Dunklee's or the Eddy Ice Ponds. The house, in the rear of the Page House (which your father later bought) was occupied by the family of Charlie Fairfield, publisher of the Rutland Evening News, and the "Thorn Boy" statue was in the yard in front of the Page House, instead of being on the side lawn fronting on E. Center St."

Mayor's Message

July 29, 1971

To the People of the City of Rutland:

It is an honor for me to present to you a report of my activities since assuming the office of Mayor on March 15.

The next day the TOPICS controversy began and it has occupied much of my time to date. The parishioners of Trinity Episcopal generously offered the use of their lot on West Street for metered parking; and the City is in the process of acquiring the Onion property at the northeast corner of West and Pine. By direction of the Board of Aldermen the TOPICS program is in the Rutland County Court for clarification.

Because of threatening flooding conditions, City Engineer Lyman H. Styles, Jr., our Civil Defense Director Aldo M. Manfredi, and myself contacted the U. S. Army Corps of Engineers and a \$100,000.00 program was arranged at no expense to the City. Sections of East Creek, Otter Creek and Moon Brook were dredged of silt and debris.

The reappraisal of all City property by the Assessors is advancing on schedule. Chairman John D. Pisanelli has employed extra people to measure and photograph real estate.

The Technical School, for which the voters approved a \$990,000.00 bond issue in March, will be under construction this fiscal year. The school will not only provide excellent facilities for student and adult education in the trades and skills, but also will alleviate the overcrowding at our senior high school.

Beginning in late March, department heads worked together on a hold-the-line budget and were able to come up with an \$8.95 tax rate, despite a 20c deficit tax.

Weekly meetings of all department heads have developed into an excellent inter-communications medium.

An inspection report on all municipal buildings made by our insurance carrier revealed more than eighty items needing attention. Fire Chief Alfred Koltowski has made considerable progress in correcting these situations, especially in the area of public safety.

Green-Up Day was successful in Rutland County with more than 8,000 volunteers participating. Our local Civil Defense unit maintained communications. Rutland received a letter of commendation from Governor Deane Davis. The following week students from Mount St. Joseph Academy did a thorough job of cleaning up the trash within the City.

The Public Works department's paving program has spruced up our downtown and this office has received many favorable comments not only from citizens but also from visitors to our community. The Recreation Department has done an outstanding job in beautifying our parks.

6,344 feet of 20-inch water main and 3,298 feet of 16-inch water main have been installed; and the Grove Street sewer program is proceeding smoothly.

Construction of a 75-unit, ten-story high-rise on Sheldon Place as housing for the elderly is well underway, and the 75-unit low-income housing project in the area of First, Second and James Streets will be finished this fiscal year.

While the city does not have control, as Mayor I urged the Vermont Aeronautics Commission to proceed with improvements at the Rutland Regional Airport. Their response was immediate. Further, on June 5, a "Know Your Airport Day" was observed.

At Mount Saint Joseph Academy, for the first time in the history of the United States, a class of 33 eighteen-year-olds was sworn in as citizens with full privileges of adulthood. Attorney General James Jeffords and Secretary of State Richard C. Thomas were the speakers. City Clerk John W. Barrett furnished the new voters with American flags.

A fire at the stump-dump on Allen Street resulted in its closing. Presently a temporary accommodation has been made at our Gleason Road facility, and City officials are searching for another site.

Aldermen Roger Pike resigned to return to the Air Force and Assessor Raymond H. Shaw retired. They were valuable public servants. Attorney Carl O. Anderson replaces Alderman Pike, and Earl F. Turner is now a member of the Board of Assessors.

By the length of the above, covering a period of only fifteen weeks, you can readily determine that City Hall is a busy place. We face three major projects in this decade—a modern water distribution system, separation of our storm and sanitary sewers, and a re-cycling program. While these programs will receive Federal and State funding, it also will be necessary for us to bond for our proportionate cost. These improvements are mandatory.

In closing, I want to express my sincere appreciation to the Board of Aldermen, department heads, employees, and civic groups for their cooperation.

Respectfully submitted,

WILLIAM H. FOLEY, SR.
Mayor

BUDGET 1971-1972 LETTER OF TRANSMITTAL

June 2, 1971

Honorable Board of Aldermen,
City Hall, Rutland, Vermont

Gentlemen and Mrs. Stearns:

Attached is the proposed budget for the Fiscal Year July 1, 1971-June 30, 1972.

At this time I am asking the chairmen to arrange meetings with their committees and the department heads as soon as possible to go over the individual budgets.

Very truly yours,

WILLIAM H. FOLEY, SR.
Mayor

Enclosure

SUPERINTENDENT OF SCHOOLS

Dr. James J. Tinney

Office: 42 East St., Residence: 51 Bellevue Ave.

Mrs. Therese A. Hooker, Main Street, Pittsford, Vermont
Administrative Assistant

Mrs. Hazel M. Kibbey, Campbell Road, *Secretary to the Supt.*

The Office of the Superintendent is open daily from 8:00 a.m. to 4:30 p.m.

of all kinds and for a myriad of purposes were held; parents were contacted for many reasons; payrolls were met; individual children were tested; families counselled; teachers were informed of new and revised programs; physical examinations took place; emergency care was provided; dental examinations and allied dental services were performed; attendance rules and regulations were enforced; athletic events took place; plays and a variety of cultural presentations and activities were presented; school publications met deadlines, and a multitude of daily activities took place in a matter-of-fact way. The unheralded routines of the day-to-day operations of the school system are so important and necessary that they're often overlooked in a summation of the year's activities.

Statistical highlights from the Annual State Report are submitted as summary data for the 1970-71 School Year:

1. 879 adults participated in Education Programs designed to meet adult needs.
2. 66 full-time and 30 part-time non-professional employees complement a professional staff of 232.
3. 3,255 hearing tests and 4,565 vision screening tests were administered.
4. 3,455 city resident pupils attended Rutland City Schools, as well as 263 non-resident pupils. Totally, 3,718 pupils attended our schools.
5. School costs per child in average daily membership: \$903.71 per school year.
6. Total receipts, exclusive of voter-approved teacher-loan programs: \$3,298,116.95. Total expenditures: \$3,269,042.97. General operating budget balance: \$29,073.98.
7. 81 handicapped resident students attended special educational programs throughout the state, and tuition costs were \$42,053.00.

The Rutland Voters approved a bond issue to implement the construction of an Area Vocational School. The initial stages of planning and design for this facility are under way. The expected completion date at this time is September 1973.

The Board of School Commissioners are pleased with the support received from the Rutland City residents and the Board and School Administration will continue to seek advice and help in meeting our communities' needs and providing each child with the opportunity for a full set of educational experiences.

Respectfully submitted,

ALBERT F. DAVIS, *President*
Rutland Board of School Commissioners
JAMES J. TINNEY, *Superintendent*
City of Rutland Public Schools

Rutland, Vermont, August 11, 1971

Rutland Free Library

For the Year Ending June 30, 1971

To the Honorable City Council and Citizens of Rutland:

It is a pleasure to present my eighth annual report as the Director of the Rutland Free Library. Use of the library, its collections, and its services, which has been on the increase for some time now, noticeably rose further this year. Several factors appear to account for this trend.

The Gustav H. Grimm and Family Fund has permitted an approximate doubling of the purchase of books for the library, along with all periodicals. This, of course, enables the library to acquire many more titles, but in addition to enhance its collections qualitatively as well, especially in reference and research areas.

A second factor may be the times. One characteristic of a somewhat depressed period is increased use of free services by the public, which the library always stands ready to provide. One of the measures of this use is circulation of materials, which during most of the months was the highest in many years, and in some instances the highest in the library's history.

Increased Services

A third factor was the increased services which the library offered during the year. The long-time monthly book delivery service to rest homes and shut-ins was expanded by Miss Carol A. Chatfield, Children's Librarian, whose weekly route takes her to Templewood Court and other residences of Rutland's senior citizens.

Mrs. Sharron Sanborn conducted weekly story hours for children during both the winter and the summer months. Special Education Classes from two of Rutland's public schools visited the library on a regular schedule this year because of its proximity to them. Film programs for children continued to be held throughout the year.

Photocopier

A photocopy machine was installed in the library in October, and has been enthusiastically received and used for a great number of purposes. Daniel Weine, Cataloger, now maintains a display board of new pamphlets in the library which are of topical interest and which are changed frequently. During the

busiest hours in the adult department Mr. Weine is available in the reference room to assist students and others with reference and research questions.

The artistic and display talents of Mrs. Merlyn Lyon and Mrs. Sanborn have found an outlet in the Children's Rooms when they are able to find time away from their Adult Department duties. Art exhibits from the schools also have been on display. Under the leadership of Miss Chatfield the children's area of the library has become increasingly appealing aesthetically and truly is humming.

8 mm. Film Program

The library initiated during the spring a program of 8 mm. films which can be viewed on home movie projectors. These are available for borrowing in the adult department, are for all ages, in a diversity of subject areas, and are representative of popular film making from its early days to the present. An integral part of the library's circulating collections, they may be especially attractive to the borrower who wants a change from reading materials or who just wants to relax at home with a film program of his own, and also are suitable for various group uses.

Cooperation With The Schools

In addition to the usual cooperation with the schools and the many visits by classes to the library during the year, the Rutland Free Library offered to purchase extra materials, which the schools might select, with Grimm Funds. Involved were both the public and parochial secondary schools of Rutland in this additional project which was especially timely because of the cutbacks this year in school library budgets. All department heads and teachers in the secondary school systems, by arrangements through the superintendents and principals, were given the opportunity to select materials which would enrich their course offerings and strengthen the public library's holdings. The teachers who participated in the project now can guide their students to these resources in coming years.

One illustration of the results of this venture is the library's art book collection, which probably is now one of the strongest in the public libraries of northern New England.

Materials Collection

Exemplifying the library's rapidly growing collections are its reference works. A few of the many new additions made during the last year here are The Modern Researcher, Dacey on Mutual Funds, The Water Encyclopedia, Aids to Independent Living, Bluebook of Occupational Education, Guide to American Graduate Schools, Barron's Handbook of American College Financial Aid, The Everglades, The Handgun, Dictionary of Antiques, Nineteenth Century American Painting, Oxford

Companion to Music, Encyclopedia of Chess, America's Golf Book, Ski Magazine's Encyclopedia of Skiing, Asimov's Guide to Shakespeare, Hotel and Motel Red Book, Dictionary of Scientific Biography, The Moon, and Facts on File.

Library Staff

Familiar to users of the library for several decades was custodian George Myers, who passed away suddenly on February 1. The tribute paid him once by Joseph L. Wheeler, library consultant and formerly head librarian of Baltimore who also died this past year and whose opinions were known and respected throughout the library world, was the statement, "Your custodian is one of the best in the East."

Replacing Mr. Myers now is Gerald Sinn of Rutland. Other returning members of the library staff, in addition to those mentioned previously in this report, are Mrs. Frances C. Carroll, Miss Vivian R. Hewitt, Miss Marjorie Loveland, and Mrs. R. Gale Spaulding. Miss Irene Francis and Miss Josephine Rosmus take care of the library's bookkeeping and other financial matters.

Important, as in past years, were the memorial and other gifts made by various friends of the library. The library is appreciative of the help which it receives from the Rutland Daily Herald and radio stations WSYB and WHWB in the publicizing of its programs, activities, and book acquisitions. Collections of books were on display during National Library Week in the Blue Cross windows downtown.

An essay contest, sponsored by the National Conference of Christians and Jews, was held during Brotherhood Week. During August a successful book sale was held in the library. Weeding of outdated and worn materials was done very extensively throughout the year, and is being continued.

Visits by Groups

Many groups came to the library during the year for orientation or general visits, for story hours and film showings. In many instances a child's or even an adult's first acquaintance with the library will be as a member of one of these groups. A warm invitation is extended to all, with a hope that more persons may get more out of their library facility.

A popular continuing display in the library has been that of books which have been made into movies, within which display there is a steady turnover of titles. By adding shelving nearby the adult circulation area the more recent adult non-fiction titles, along with the latest young people's books, now remain as easily accessible to the public as is possible. Use of the library varies among patrons, some of whom browse at length in the stacks, while others prefer to select from what is nearer to the charging desk.

An addition to the Lawrence Reading Room is the mahogany tall clock by Elliott of London, from the Grimm Estate. Also received by the library from the Grimm Estate was a Steinway medium size grand piano which had been completely rebuilt in recent years and is appraised as being in fine condition. Oriental rugs from the estate have been utilized on the first and second floors of the library, and add a definite warmth to their areas.

A portion of the building's old wiring was updated, happily before any serious problem arose. An iron railing was installed on the steps which lead from the library walk to the Court Street sidewalk. Gratings were extended at two basement windows. The library staff room, previously renovated, now has been furnished and is being used.

Board of Trustees

Heading the Library Board again during this active year was Mrs. Bernard R. Dick, President. Mrs. Howard T. Swain and Dr. Gordon B. Smith were first and second vice presidents, respectively. Secretary was Mrs. Bradford N. Smith. Theodore Ennis was Treasurer and Chairman of the Finance Committee, which also included Dr. Smith, Mrs. Swain, John A. Densmore, and Richard F. Sullivan. Chairman of the House and Equipment Committee was Mrs. Frederick Zimmer, who was assisted by Mrs. Robinson E. Keyes and Mrs. Joseph W. Kozlik. Serving on the Nominating Committee with Mrs. Smith, its Chairman, were Mrs. Keyes and Mrs. Morris B. Wolk. Lincoln M. Fenn chairmanned the Personnel Committee, whose other members were Mrs. Robert E. Bossardt and Walter M. Moore. Mrs. Swain, Chairman, and Mr. Ennis and Mrs. Wolk comprised the Publicity Committee.

I would like to express appreciation for the help and cooperation of the staff, trustees, and city officials during this year of new programs and further growth. We anticipate and welcome increasing demands for the services of the library during the coming year.

Respectfully submitted,

CHARLES D. MAURER, JR.

Director of the Rutland Free Library

Police Protection

August 9, 1971

To the Honorable City Council:

Gentlemen:

I hereby submit the annual report of the Police Department for the fiscal year ending June 30, 1971.

The total strength of the department now stands at thirty-one officers, three meter maids and two traffic clerks. Hopefully, another officer can be added this year to act as a Juvenile Officer. This would provide much more efficient and capable handling of Juvenile cases.

Four officers resigned during the year—Officers Crowley, Chapleau, Trahan and Brytowski. Five new officers were appointed—Officers Caulin, Davis, Gregorio, Maxey and Williams.

All officers attended in-service training schools in Firearms, Riot Control and Bomb and Explosive Ordinance. Special courses were attended as follows: Babson College Command School—Capt. Spoon and Sgts. Ballou, Densmore, Gorruso and Murphy. Basic Police Photography—Sgt. Densmore, Officers Morgan, Tuepker, Williams, Gregorio, McCarthy, Hall, Kelly, Mack, LeClair and Malosky. Bureau of Narcotics Drug School—Officers Maxey, Morgan and Williams. Law Enforcement Training School—Officers Williams, Maxey and Davis. Vermont State Police Academy—Officers Caulin and Gregorio. Five members are currently taking courses for a degree in Law Enforcement at Castleton State College, and other members plan to enter this fall.

There have been significant increases in all activities of the department, as shown by the attached tables. It is hoped the decrease in accidents for the year reflects the emphasis placed on motor vehicle enforcement. It is further hoped that the implementation of the TOPICS program will also reduce the accident rate by providing safer traffic patterns.

The need for more space for the department still remains critical, and is seriously affecting the efficiency of operations. Again, it is urgent that a solution be found to remedy this situation.

I would like to express the appreciation of the entire Police

Department to all other law enforcement agencies, the press, radio and television people, who have assisted and worked along with us.

To his Honor, Mayor Foley, former Mayor Nichols, the Honorable Board of Aldermen and City Officials, I extend my thanks for their helpful assistance.

Respectfully submitted,

STUART D. JENNE

Health Officer

August 15, 1971

To the Honorable City Council and
The Citizens of Rutland:

It is the pleasure of your Health Officer to submit, herein, the annual report of the Health Department for the fiscal year beginning July 1, 1970 and ending June 30, 1971.

The Health Department is composed of a three man Board of Health, appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

Two hundred twenty-three contagious diseases were reported and quarantined during the year. A monthly chart follows:

CONTAGIOUS DISEASES

Abbreviations

Mu.—Mumps
Mea.—Measles
C.P.—Chicken Pox
S.I.—Streptococcal Infection
Polio—Poliomyelitis

I.M.—Infectious Mononucleosis
W.C.—Whooping Cough
Ty.—Typhoid
G.M.—German Measles
I.H.—Infectious Hepatitis

June.....	9		1								10
TOTALS	41	30	86	58			2		5	1	223

Several dog bites were investigated. There were no cases of Rabies.

The annual free inoculations and vaccinations to immunize children against Diphtheria, Tetanus and Smallpox were done in April and May. A total of 429 immunization were given for the above mentioned diseases. Dr. Beale, Health Officer, ably assisted by Mrs. McCormack, Miss Burke and Mrs. Plumer, School Nurses, carried out this program.

In October free immunization shots for Influenza were offered to all City employees. Sixty-one employees availed themselves of this opportunity to receive this protection.

In the opinion of the Board of Health these are worthwhile programs. This department urges all who are qualified to take advantage of these special clinics.

A total of 360 samples of water from the city's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Twenty-four samples showed evidence of contamination. This department again wishes to thank the Water Department for their excellent control work on the water shed and at the reservoir, especially Mr. Harry Jasmin and Mr. Rolla Jasmin.

Samples of water from the swimming pools were also sent to the laboratory during the period the pools were in operation.

Many nuisance complaints were investigated and action taken to improve or alleviate the complaint. Numerous plumbing inspections were made.

As Health Officer I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses and the Parents and Physicians of the City of Rutland.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Health Officer

Board of Health:

ROBERT W. BEAUCHAMP, Phg.
HARRY RYAN, JR., M.D.
GORDON B. SMITH, M.D.

Milk Inspector

August 15, 1971

*To the Honorable City Council and
The Citizens of Rutland:*

I hereby submit the annual report of the Milk Inspector for the fiscal year beginning July 1, 1970 and ending June 30, 1971.

Six hundred thirty-five dollars (\$635.00) was collected in license fees during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were 13 licenses issued at the Rutland Fair. Forty-one Retail Stores, 46 Restaurants, 3 Bakeries, 4 Peddlers and 4 Creameries were also issued licenses during the year.

All Creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken from the creameries and submitted to the Board of Aldermen were accepted and published in the Rutland Herald.

As Milk Inspector I would like to take this opportunity to thank the producers, plant operators and the State Inspector, Mr. George Severance, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.
Milk Inspector

Constable and Tax Collector

August 11, 1971

To the Honorable City Council:

Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from March 15, 1971 to June 30, 1971.

Delinquent poll taxes, real estate and personal property taxes collected amounted to \$35,286.79. Delinquent water rents and sewage disposal bills were also collected in the amount of \$6,996.92 for a total of \$42,283.71.

To His Honor, the Mayor, the City Council, the City Attorney, City Officials and employees my sincere thanks for their assistance and cooperation.

Many thanks to Walter R. Costello, former Constable and Tax Collector for his able assistance during the time of transition.

Respectfully submitted,

L. BERNARD WATERMAN

Constable and Tax Collector

Recreation and Parks

*To the Honorable City Council and
The Citizens of Rutland:*

It is my pleasure to submit to you our Annual Report for the fiscal year ending June 30, 1971.

PINE HILL PARK:

Last year's plans for Pine Hill have become a reality with the development of the area as a nature and conservation site. Forty acres of prime land adjoining Pine Hill was turned over to the city by the State. Mr. John Giorgetti, a member of the State Lands Committee, and Rep. Thomas Candon are credited with helping the city obtain the land. A 4 mile hiking trail has been established and marked. This trail starts at the East Creek Meadow and goes to Rocky Pond, Muddy Pond, around the Pine Hill Forest, and back to the point of origin. Trail signs have been placed at East Creek Meadow, Rocky Pond Road by Evergreen Avenue, and Rocky Pond. We hope to mark (with a different colored paint) a few logging roads as inter-connecting trails. A water and soils nature trail has been marked around the two meadows near East Creek. Pamphlets may be needed later if the signs are not adequate. We also hope to add a few more stations to fill in the long gaps that now exist between signs. The Rutland County Forest Festival Environmental Conservation Field Days was one of the organized programs co-sponsored by the State Department of Forests and Parks and this Department for grade six pupils from local schools. Some 350 children participated in the three day program which was set up to acquaint the children with various ecological conservation fundamentals aimed at inciting a greater awareness in the pupils as to natural environment and the need to preserve it. James Cronin, County Forester and ten 4-H boys learned about water resources and soil, and did some conservation work during a Forestry Field Day. The Green Mt. Hikers also took advantage of the Park.

SENIOR CITIZENS CENTER:

Federal Funds from Title III of the older American Act and city funds enabled the Senior Citizens to have a Center of their own. The Center includes a kitchen, lounge room and a special

activities or crafts section. The members of the Center co-ordinated and addressed the Easter Seal mailing for the Vermont Association for the Crippled. A diabetes and glaucoma clinic was held and approximately seventy people registered. Senior Citizens were assisted in filling out their Income Tax forms and were encouraged to inquire about information on Social Security, food stamps and housing for the elderly. A group of Senior Citizens went to a local nursing home to assist with the weekly recreation program. Some of this year's programs included a Nutrition Luncheon with advice on proper diet by Mrs. Beth Munger of the Extension Service, a session by Myrtle Bitz on exercises for the golden age, an audiologist from the VAC spoke on the problems of the deaf and a Hearing Aid Bank was started to collect aids to be adjusted and adapted to those who could not afford them. There were programs in conjunction with the Rutland Recreation Center, Rutland Human Resources, Vermont Heart Association, trips to Montpelier to participate in a Conference on Elders and a Governor's Day Picnic at Killington. Six people who had never painted joined the art classes and the resulting art exhibition has received community recognition. The Chaffee Art Gallery invited them to participate in their autumn show. We wish to thank the Moose Club for their donation of a piano and Melody Radio & T.V. for the television.

MEMORIAL:

The Grand Army of the Republic Memorial was placed in Main Street Park by the Rutland Linda Richards Tent, Daughters of Union Veterans of the Civil War. The monument is a five and one-half ton granite memorial.

CLINIC:

A Rubella Immunization Clinic for children between the ages of one thru eleven was held at the Center in conjunction with the Vermont Department of Health. Hundreds of children were inoculated.

MINI PARK:

A Mini Park on Madison Street, location of the old Madison Recreation Building for many years, was opened this Summer—July 17, 1970 for children up to eight years of age. The Park is designed for mothers and their small children as a place to rest and recreate.

WHITE POOL:

The new City Pool at White Playground, scheduled to open June 15, opened July 20 to a crowd of 1,000 children. The day marked a milestone for Mr. Cioffredi as it has been one of his major goals since assuming his post in 1961. We wish to thank the Rutland Regional Chamber of Commerce for their help and support in obtaining the new pool. Special thanks to Dr. Icken, Chairman of the pool committee.

SPRING AND SUMMER PROGRAMS—

Six City Playgrounds:

White
Meadow Street
Rotary Field

Total attendance 12,794

Northwest
Northeast
Havenwood

Playground News:

An Art in the Park Day was held July 14 with an open exhibition of arts and crafts projects made by local children. A Mardi Gras Carnival was held in the City Park on August 6 with apple bobbing, dart throwing, penny pitching, ring toss, etc. All monies raised by the playground children was donated to the Caverly Child Health Center in Pittsford. An overnight camping trip for boys was held in Pine Hill with 100 boys participating. The girls had an overnight at Gifford Woods. The Frisbee and Hula Hoop National Contest was again held for the third year in a row and a new added attraction was a Playground Newspaper. The Fishing Derby was held at Combination Pond and prizes were given for the largest, smallest and most fish caught.

Day Camp:

A special Day Camp Program for boys between the ages of 7 and 9 was held at Tamarack Notch, August 17 thru August 21. Programs included an overnight, calisthenics, campercrafts, swimming instructions, ecology and environment conservation, hikes and first aid instruction.

Family Fun Day:

A Family Fun Day was held at Rotary Playground and North Main Street Pool to welcome Fresh Air Youngsters. The Program was held from 3 P.M. to 6 P.M., featuring a picnic, swimming and sports, and was sponsored by the National Council of Christians and Jews, the Fresh Air Program, and the Recreation Department.

Sports and Summer Activities Included

Mitey Mite Baseball League
Midget League Baseball
Fifth and Sixth Grade Spring Softball League
Women's and Girls' Softball League
Junior League Baseball
Summer High School Basketball League
Seventh and Eighth Grade Basketball League
High School and College Basketball
City and Recreation Softball Leagues
Tennis Lessons for Youth and Adults
Golf Lessons for Youth
Rock Concerts
Band Concerts

FALL AND WINTER PROGRAMS—

For Youth:

A **Junior Chorus Group** for both boys and girls was newly formed this year under the direction of Joseph Muscatello. The group, consisting of forty children, met from November thru February and presented a program for Parents Night and also performed at a Variety Evening at the Recreation Center. Interest in this activity was high and hopefully it will be continued next winter.

A **Junior Teen Center** at Rotary Field was opened due to requests from teenagers and parents. Facilities installed included table tennis, bumper pool, table games, and a soda and candy machine. A pizza party, dances, and organized activities were planned, and a supervisor hired, but like many such requested activities, interest dies quickly and the Center when it closed in early Spring was functioning for only a few youths.

A **Teen Snowflake Carnival** sponsored by the Rutland Teen Council was held with toboggan and sled races at the Country Club, ski races at Pico Peak, basketball, broom hockey, and snow sculptures in Main Street Park with M.S.J. Juniors taking first prize. The finale of the Carnival was a formal dance at the K. of C.

Winter Swim: Green Mountain College in Poultney was the scene of an Indoor Swim in December for 7th and 8th grade youth. Approximately 45 youth participated.

Gymkhana for girls in grades 1 thru 6 was held weekly throughout the winter months. The girls became proficient with the balance beam, the art of tumbling and floor exercises.

Art Classes for children in grades 5 and 6 were held Saturday mornings. Children learned the technique of water colors, paint-mixing, sand-painting and Japanese brush painting.

Wrestling Classes for boys in grades 4 thru 8 were held weekly under the instruction of Richard Alberti, Elementary Physical Education Instructor for Rutland Schools.

Saturday Film Festivals ran from February thru April with the presentation of some of Walt Disney's favorite films.

Jellybean Contest: Our second annual Jellybean Contest for youngsters in kindergarten thru grade 3 was held, winner of which received all the jellybeans and a large chocolate bunny. Nine year old Harry Doaner of 37 Pine Street was winner with a guess of 2,556, correct number being 2,560. There was also a Easter Party held at the Center with an Easter Bonnet Contest, egg roll, decorated egg contest, egg relay race and Phil Moore and his Magic Show.

Parents Night: Incorporating most of the youthful activities into "Parents Night", a performance by our Junior Chorus, an arts and crafts display, baton and gymkhana exhibition, and

two plays by our drama groups made for an enjoyable evening for those parents and friends of the children involved in the presentation.

Michael Coleman Award: Mark Verrochi was the recipient of the Michael Coleman award this year. It is presented annually between the halves of the M.S.J.-R.H.S. football classic.

Continuing Activities For Youth Were

Third and Fourth Grade Flag Football League
Pitch, Hit and Throw Contest
Halloween Painting Contest and Parade
Kite Contest
Teen Friday Night Dances
"The Cellar" with juke box, pool, ping pong, and shuffleboard
Drama Groups—grades three thru eight
Sled and Saucer Races
Skating Rinks and Lessons
Cheerleading Classes—Grades five thru eight
Baton Classes—Grades five thru eight
Tumbling Classes—grade three thru five
Pre-School Program—Ages three and four
Tap, Ballet and Acrobatics
Junior Stamp Club
Art Classes
Knitting Class

Adult Activities:

Yoga Classes for both beginner and advanced were held during the winter months at the Center. Steven W. Strom, who studied yoga under Beram Gard, born in India, was instructor. Yoga, one of the popular growing cultures of the day is useful in weight control, circulation problems, respiratory difficulty, stiffness and fatigue.

Women's Sports Club for women 18 years of age and older met Thursday evenings for volleyball, swimming and basketball.

The Rutland Square Dance Club marked its 20th anniversary this year and a gala event was held at the Center in its honor. The women wore colored full skirted dresses and the men traditional western style clothes. Over 200 couples from near and far attended.

Continuing Adult Activities Include

Chess Tournaments and Club	Bridge Lessons and Club
Coin Club	Knitting Class
Stamp Club	Women's Slimnastics
Adult Ballroom	Adult Basketball League
Rutland Family Campers	Business Men's Workout
Golf Lessons	Coronary Prevention Program
Adult Ballroom	Men's Volleyball

Maple Leaf Cat Fanciers Complete Weight Room
 Sauna Bath

Clubs and organizations using the Recreation Building include, Green Mountain Hiking Club, Green Mountain Snow Flyers, Home Demonstration Group, Garden Club, First Aid Course, National Council of Christians and Jews, Human Resources, Food Service Supervisors, American Association of Retired Persons, Rutland Taxpayers Association, Downtown Athletic Club, Girl Scouts, Sunset Club, The Barbershoppers, The Census Bureau, and the Rutland Mental Health Group.

Christmas Program: Toys donated and purchased by the Rutland Teen Council and numerous offices and clubs helped to make those less fortunate than ourselves have a Merry Christmas. Santa again made an appearance at our annual Children's Christmas Party and our Wreath Making Project had an overwhelming attendance of approximately 350 children. The holiday schedule at the Center included a basketball tourney, arts and crafts, and a Ping Pong and Pool tourney.

Dog Obedience: Our Dog Training Program, under the skillful guidance of Mrs. Pearl Fuller, ran for two, eight week periods at Rotary Field House.

A Water Safety Course was offered in conjunction with this Department and the Red Cross office. The Course was open to all age 17 and over, who held a current Senior Life Saving Certificate. The course operated for 18 hours under the instruction of Marilyn Sheldon of Green Mountain College.

I would like to publicly thank Mr. Norman Sutherland, President of the Rutland Square Dance Group for their donation to this Department for repairs and covering of the interior wall on the Court Street side of the Recreation Center. The work not only improves the appearance of the building, but considerably improves the acoustics.

A special thank you to Mitchell Berkowitz who did his field work assignment with us this summer. His contributions were most worthwhile and valuable to this Department.

SUMMARY

Fiscal Needs for the Department Are—

- Development of Pine Hill Park
- Professional Help
- Acquisition of Land in the Meadow Street Area
- One Outdoor Basketball Court
- Handball Courts
- Lighted Tennis Courts
- Four Additional Tennis Courts
- Acquire Fill for White Playground
- Storage and Maintenance Garage

The Superintendent would like to again express his appreciation to the Mayor and the members of the Board of Aldermen, as well as the Citizens of Rutland for their continued co-operation and encouragement. I would like to thank my staff, Patrick Slattery and the Herald Staff, Frank McCormack, and the staff of WHWB, Howard Cameron and the staff of WSYB, Tom Fagan, Grants Department Store, Myles Pratico, The Teen Council, Atty. James P. Carroll, Dr. James Tinney and the School Board, Jim Cronin, Fred Carbine, Bob Dikeman and all volunteers.

Total expenditures for the Department were..... \$125,879.04
 Total receipts for the Department were..... \$19,828.68

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent*
Recreation and Parks Department

Civil Defense

August 13, 1971

*To the Honorable City Council and
The Citizens of Rutland:*

I am pleased to submit the following as my annual report for the year 1971.

I attended two State Civil Defense meetings this past year; one in Montpelier, Vermont and the other in Berlin, Vermont. As the result of attending the Berlin meeting, which I attended with the Public Works Commissioner, Lyman Styles, we were able to take part in the federal government operation "Foresight '71"—flood control program. With the cooperation of the State Civil Defense Office and the Army Corps of Engineers the City was able to obtain federal funds which enabled them to have the much needed dredging work done in East and Otter Creek and Moon Brook.

For the second year this office participated in the Vermont Green-Up Day. The Communications section volunteered their services and aided the State committee by transmitting messages throughout the day. All volunteers are to be commended for a job well done.

Several courses were given at Rutland High School. Among them was a Civil Defense Management course for Civil Defense people throughout the region. The ten week course was well attended and certificates were presented on the successful completion of the course. Those attending from the Rutland staff included Miss Mary Ann Dyer, office secretary; Mr. Norman Pratt, Deputy Director; Mrs. Vicki Pratt and Mrs. Geraldine Miglis from the administrative section.

I personally want to thank these people for taking the time out from their already busy schedule to participate in this program and I know they will benefit from having taken this course. A medical self-help course was taught this past year and had approximately 250 students attending and completing the course.

Mrs. James Crandall, Coordinator for Civil Defense, informed me that she is instructing science students on the proper use of radiation detection equipment. The instruments were lent to her through our office during the school year. One of her students has won a science award through the use of this equipment.

Two test exercises were held this past year in connection with the State Civil Defense. Both were well attended and had in attendance advisors from the State Civil Defense office in Montpelier.

Finally, an inspection of all the fall-out shelters and supplies in them was completed during the past year.

In closing I would like to thank the Mayor, the City Council, City Department Heads and employees, and the Civil Defense volunteers for their help and participation in the coordination of Civil Defense during the past year.

Respectfully submitted,

ALDO M. MANFREDI

Director—Civil Defense

City Clerk

August 15, 1971

To the Honorable City Council,
City of Rutland, Vermont:

Mayor Foley, Gentlemen and Mrs. Stearns:

It is my duty and pleasure to submit herewith the report of the Office of City Clerk and Purchasing Agent for the period 1 July 1970 to 30 June 1971.

The duties of the City Clerk are mandated by Vermont Statutes, the Rutland City Charter and Rutland City Ordinances.

The outstanding achievement this fiscal year has been an extensive microfilming project of many records. This project began with the approval by former Mayor Nichols and the Board of Aldermen of a budget item making it possible. It has been rather a difficult venture but the efficiency created is well worth the effort.

All land records of the city since 1892; all service discharges; all records of the Board of Aldermen; election records; streets and sewers books, our three map books and other miscellaneous records are now on film both here in this office and duplicated on film and stored by the Director of Records in Montpelier. Should any disaster wreak havoc on city records this film could be made available overnight to us.

Our map book project went further than required by the new state law and maps are now contained in tamper proof plastic in addition to each being contained on an aperture card. Included in the project is a reader-printer which provides a viewer and a print of anything on film.

Of course this is not the entire answer to our space problem but it does reduce greatly the time spent by attorneys, other departments, and the many citizens use of vault space. The project continues at this time with microfilming on a current basis.

The Food Stamp Program, under the direction of this office is referred to elsewhere in this report.

Progress continues on revision of the City Charter with Alderman Craig S. Perkins and City Attorney Richard W. Norton meeting weekly and bringing material to several "study

sessions" of the Board of Aldermen.

Mayor Foley has once a week sessions with all department heads in attendance. This has proven very successful especially in that it allows all of us to see the others' point of view.

In addition to the first and third Monday of the month charter provision for meetings of the Board of Aldermen there have been numerous Special Meetings and Public Hearings.

Under new state law there will be fee increases for many documents effective July 1, 1971, which are of course forwarded to the General Fund. Documents recording remains steady as do our daily office transactions of all kinds.

Your clerk was honored this past year to have his daughter sworn in as, I believe, the first 18 year old to register to vote in Vermont, and with former Mayor Nichols performed the act in a ceremony at City Hall. We have encouraged voter registration during regular office hours. In a ceremony at Mount St. Joseph Academy this year Mayor Foley administered the Oath of Allegiance to 35 students in what is believed to be the first in the United States under the new 18 year old voting laws. Present at this program were Secretary of State Richard C. Thomas, Attorney General James M. Jeffords and city officials. Our thanks to Fr. John W. O'Connell for his assistance. Also present and assisting at the swearing in of Rutland Town residents was Honorable Andrew L. Orzel, State Senator and Town Clerk.

As always we welcome taxpayers to our office for whatever their needs.

I would like to express appreciation to the faithful and efficient employees of the City Clerk's office.

Appreciation is due to former Mayor Harold J. Nichols, Mayor William H. Foley, the Board of Aldermen and all departments for their kind consideration and assistance to us.

Respectfully submitted,

JOHN W. BARRETT

City Clerk and Purchasing Agent

Vital statistics will be found elsewhere in this report on page 62.

**OFFICE OF THE CITY CLERK
REPORT OF VITAL STATISTICS
For The Calendar Year 1970**

To the Honorable City Council:

The record of births, marriages and deaths filed in this office during the year 1970 was as follows:

Total number of births registered in 1970.....	910
Total number of deaths registered in 1970.....	573
Total number of marriages registered in 1970...	202

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

Births Registered in Rutland—Years 1960 to 1970, Inclusive

Year	Total No. Registered	Residents other than Rutland	Rutland Residents only

City Clerk

RUTLAND FOOD STAMP PROGRAM

Honorable City Council,

City of Rutland, Vermont:

Mayor Foley, Gentlemen and Mrs. Stearns:

Herewith is submitted the report of the Rutland City Food Stamp Program under the supervision of this office. The program in value of stamps has more than doubled since last year as noted below (1969-1970 \$205,085.00).

This office sells Food Stamps during our regular office hours. Miss Catherine Walsh supervises the sale of food stamps and her work is highly commendable. Miss Walsh also assists in much of the general office work in the City Clerk's Office.

The Food Stamp Program is audited by Federal, State and Local Auditors.

FOOD STAMPS JULY, 1970 - JUNE, 1971

	Paid by State	No. of Sales	Cash Received	Value of Stamps	Postage
July.....	\$ 236.10	787	\$ 14,268.50	\$ 25,209.00	\$ 4.32
Aug.....	240.90	803	14,071.50	24,713.00	4.06
Sept.....	249.00	830	14,714.40	25,935.00	4.52
Oct.....	296.10	987	17,658.55	31,105.00	4.28
Nov.....	292.50	975	17,446.05	30,639.00	4.60
Dec.....	317.40	1,058	18,565.45	32,952.00	5.26
Jan.....	368.10	1,227	21,413.55	38,290.00	5.22
Feb.....	341.40	1,238	21,431.65	38,586.00	5.12
Mar.....	403.20	1,344	23,894.15	42,101.00	5.56
Apr.....	417.00	1,390	24,991.55	43,483.00	6.18
May.....	399.30	1,331	24,246.45	41,987.00	7.04
June.....	405.30	1,351	24,338.15	41,711.00	6.60
Total...	\$3,966.30	13,321	\$237,039.95	\$416,711.00	\$62.76

Very truly yours,

JOHN W. BARRETT
City Clerk

City Attorney

August 15, 1971

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I respectfully submit the Annual Report of the City Attorney for the Fiscal Year 1970-1971.

Before attempting to outline some of the activities of this office during the past year, I wish to thank all department heads, the Board of Aldermen, the Honorable Harold J. Nichols, and his successor the Honorable William H. Foley, for their cooperation and assistance to this office. I have been particularly fortunate to work very closely with our City Clerk John W. Barrett and our City Treasurer W. Joseph Simonds, and have sought many times the cooperation of our City Engineer Lyman H. Styles. I wish to thank these gentlemen especially for the many hours of consideration they have rendered to the City Attorney's office.

In cooperation with the various committees of the Board of Aldermen, new ordinances were drafted and work continued on the new Rutland City Charter which we hope will be adopted by the Vermont Legislature this year. Through the assistance of Alderman Craig Perkins, we are now typing the final draft of the charter and at the time of this printing we have one work session left to iron out one more change before we have the proposed document reproduced for members of the board and the general public. The completion of the charter work is the culmination of four years of tedious work which was started by Mr. Perkins and my predecessor John Hansen, Esq. This has not been a one-sided effort however, for I am aware of the many hours of work put in by various city departments and the Board of Aldermen, and the many work sessions we have had regarding this document. I trust that when the new Charter is finally adopted we will have a workable system of law which hopefully will be adaptable to the 1970's, and commensurate with our rapidly expanding municipal system.

The past year saw the installation and completion of the new twenty inch water main with which this office was closely involved. Many items of a legal nature arose in connection with this work, but I am glad to report that through the coopera-

tion of the contractor and the City Engineer's office this major construction was carried out with a minimum of complaints despite the many areas of the city involved. I should say that citizens of Rutland showed excellent cooperation, despite the interruption of their streets and driveways during the construction.

Many written opinions were printed at the request of the Board of Aldermen and various department heads dealing with a multitude of legal problems. It seems each year we are faced with more litigation, which is not peculiar to our city, but reflects a national trend that more citizens are becoming aware of their rights. Consequently, citizens are demanding assistance of the court in meeting their objections and interpreting the various laws involved in running a municipal government.

The TOPICS Program has demanded a good deal of work. Many meetings have been held with local and state officials attempting to iron out solutions to the internal and external problems raised by such a major revision of our traffic system. Some litigation has arisen from the TOPICS PROGRAM and is presently pending in the Rutland County Court.

Other claims and suits have been brought against the City for injuries and property damage, which again reflects the national trend as the field of negligence liability and contractual liability are being expanded by law and by court interpretation.

In regard to contracts, the City Attorney's office continues to meet with various department heads and representatives of companies doing business with the City. From these sessions we draft contracts and resolve contractual interpretations which eventually arise with a municipal corporation the size of the city of Rutland. Much of the work in the law department continues to involve negotiating city labor problems, sitting in on bargaining sessions, and discussing the contract with union officials and city officials.

Other time is devoted to cooperation such as with the School Department and drawing various agreements, implementing the Teacher Loan Program to Parochial Schools. We expect to see this trend continue to expand and demand close cooperation between the city and the state authorities.

As members of the City Council are aware, zoning continues to be a very important item of business, as reflected in the zoning changes requested and considered by the City Council this past year. The City Attorney's office along with the City Clerk, are closely involved in the preparation and the adoption or rejection of the various zoning amendments.

I have attempted to highlight some of the activities of this office this past year. I look forward to the continued close cooperation from all the city departments and the City Council in the ensuing fiscal year.

Respectfully submitted this fifteenth day of August, 1971.

RICHARD W. NORTON, City Attorney

Building Inspector

August 15, 1971

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

I submit the following permits approved from July 1, 1970 to June 30, 1971.

Permits	Description	Units	Amount
33	New Houses.....	33	\$436,000.00
4	Mobile Homes.....	4	24,200.00
	Multi-Dwelling:

1	Low Income—17 Buildings...	75	1,378,000.00
69	Resident Renovation.....		198,125.00
39	Resident Garages.....		69,245.00
18	Resident Pools.....		29,369.00
18	New Commercial.....		995,092.00
38	Commercial Additions.....		315,512.00
2	Industrial Additions.....		68,000.00
1	Institutional Renovation.....		110,000.00
20	Residential Demolish.....		12,125.00
13	Commercial Demolish.....		40,150.00
260			\$5,269,818.00

I take this opportunity to thank His Honor the Mayor, the City Council, the Zoning Board of Adjustment and other City Departments for the cooperation and assistance I have received.

Special recognition is given to Mr. Roy Rotella who accepted the responsibilities of this office during my recent absence.

Respectfully submitted,

JAMES B. CRANDALL
Building Inspector

Fire Protection

To the Honorable City Council:
Gentlemen:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1971.

During the year the Department responded to 442 Alarms as follows: Telephone 307, Street Box 101, Automatic Detectors 16, Radio 1 and Verbal 17. There were 82 malicious false alarms. There were 109 calls for the Rescue Truck. The Department also responded to 309 "Special Service" calls of various nature, making a total of 751 emergency calls.

There were six general alarm fires during the year of which the largest single loss was the Rutland County Agricultural Buildings at the Rutland Fairgrounds. This loss amounted to \$24,360.00. The Department spent 60 hours at the Rutland City Dump in October for the control and extinguishment of a large fire that had burned deep into the debris. This fire was prior to the present land-fill operation. On June 14, the Department responded to the City "Stump Dump" on Curtis Avenue. This fire involved all of the manpower of the Department and was finally extinguished on the morning of June 16 at a total cost of \$1,765.64.

Apparatus

Engine # 1—1963—1,000 G.P.M.—Maxim—Triple Combination
Engine # 2—1969—1,000 G.P.M.—Maxim—Triple Combination

Current Expenses.....	34,737.03

Total Cost..... \$315,931.12

During the year 4 fire alarm boxes that were installed about 1896 were replaced with modern boxes and three new boxes were added. About 2,000 feet of old fire alarm wire was replaced by members of the Fire Department. Two hundred forty wiring permits were issued. All Nursing Homes and School Houses were inspected.

Assistant Chief James Barron retired on December 31. Mr. Barron started work as a substitute on February 15th, 1939 and was appointed a permanent man June 16, 1941. Was appointed Lieutenant May 22, 1966; appointed a Captain January 1968 and appointed Assistant Chief January 1, 1969.

I wish to thank all the members of the Fire Department, His Honor the Mayor and all other Departments for their assistance and cooperation.

Respectfully submitted,

ALFRED H. KOLTONSKI
Chief of Fire Department

Permission to use firearm to dispose of animal, see section 4161.

CHAPTER 1

Dogs

SECTION

2551. Disturbance of quietude as public nuisance

2552. Confinement

2553. Impoundment; notice thereof

2554. Damage

2555. Penalties

§ 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

Amended 1970 — No. 22, Effective February 11, 1970.

Cross references. Public nuisances, abatement of, see 24 V.S.A. § 2121.

§ 2552. Confinement

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

(b) The owner or keeper shall confine within a building or secure enclosure every unspayed female dog in heat in such a manner that such dog cannot come in contact with another dog except for intentional breeding purposes.

(c) The owner or keeper of any dog that has bitten a person without provocation as determined by the chief of police shall be ordered by the chief of police to keep such dog muzzled on all occasions when there is possibility of contact with the public. Any person aggrieved by such an order may appeal to the Rutland District Court for a hearing on the merits of such order by the chief of police. The violation of such an order shall be a violation of this ordinance and such dog shall be immediately taken up and confined.

Amended 1970 — No. 22, Effective February 10, 1970.

§ 2553. Impoundment; notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded. Notice of such impoundment shall be promptly given to the owner if such can be determined. An owner or keeper may reclaim his dog after paying an apprehension fee of \$6.00 to the City of Rutland and reimbursing the City of Rutland for the care and maintenance of the impounded dog at the rate of \$2.00 per day. Dogs unclaimed after three days from the time the owner has been notified may be disposed of at the discretion of the chief of police.

Amended 1970 — No. 22, Effective February 11, 1970.

Cross references. Notice of impoundment, see 20 V.S.A. §§ 3413, 3414, 3420.

§ 2554. Damage

(a) A person who suffers damage to his real or personal property by dog or dogs shall report the nature and amount of such damage to the chief of police within 24 hours of his discovery of such damage. The chief of police shall forthwith cause an investigation of such alleged damage to be made by a duly authorized police officer.

(b) At the next regular meeting of the board of aldermen after notice has been given as provided in (a) above, the chief of police shall report to the board of aldermen the following:

- (1) Police report of the original complaint and claim for damage.
- (2) Police officer's report of investigation.
- (3) Police department's estimate of the amount in dollars of damage sustained.

(c) The board of aldermen may, but shall not be required to, compensate the owner of such damaged property with funds from the issue of dog licenses.

§ 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

Amended 1968 — No. 10-4, Effective September 6, 1968.

Cross references. Penalties for violations—

Persons to whom applicable, see section 207.

Place of imprisonment, see city charter section 48.

Recovery of fines and penalties by complaint or warrant, see section 208.

Rutland Mental Health Service, Inc.

August 12, 1971

ANNUAL REPORT TO RUTLAND CITY

To Mayor Foley, City Council and Citizens of Rutland:

Rutland Mental Health Service is a multi-service organization providing both direct and indirect services of many types for those suffering from emotional problems, mental illness or mental retardation. The past year has been one of consolidation and development of services, compared with the massive expansion of the previous year. Most of the services now operate from our new offices at 78 South Main Street.

In addition to offering services for established problems Rutland Mental Health Service endeavors to prevent the development of emotional problems and to foster positive attitudes by means of two programs—the Youth Activities Program and the School Consultation Program. The Youth Activities Program offers children from between the ages of six and twelve the chance to relate to other children in small groups in taking part in challenging pursuits with close supervision. It is hoped to expand this program to serve children up to the age of 14 this year. The School Consultation Program offers ongoing consultation to teachers in the elementary schools concerning problems arising among their pupils and a new development during the last year (with the cooperation of the School Board and Superintendent of Schools) has been the employment of a full-time social worker who devotes her time to the Junior and Senior High Schools. She is available for consultation for students at any time and has been particularly active in the field of drug abuse prevention.

The services offered to the mentally retarded include home visiting by a trained nurse and a pre-school program designed to help mothers of retarded children to work more effectively with the problems presented by these children.

For those with emotional problems and for the mentally ill there is a 24-hour emergency service, telephone number 775-1000, together with outpatient service five days per week, day hospital five days per week from 9:00 a.m. to 4:00 p.m. and, if necessary, in-hospital treatment at the Rutland Hospital. In addition, at the Rutland Hospital physicians or nurses who encounter patients with emotional problems can get immediate consultation from the psychiatrists and nurses of the Mental Health Service. For some people with severe problems admission to Vermont State Hospital

is still necessary, though it is no longer the terrifying experience that it used to be many years ago. Usually nowadays after a stay of only a few weeks the patient is discharged again and is then followed by the Aftercare Program from Rutland Mental Health Service. In addition the staff of the Aftercare Program will have visited the patient while he is in the State Hospital in order to facilitate his early discharge. For some patients who have been discharged from the State Hospital and require ongoing support there is an Activity Program which runs five afternoons per week at 72½ Merchants Row.

In addition to these direct services the Mental Health Service also offers indirect service in the form of consultation to many other agencies in the city and also provides a Speaker's Bureau who are always ready to talk on topics associated with mental health to any organization that may request such a talk. The Mental Health Service has been active in combating drug abuse and is developing plans to work with the serious problem of alcoholism in the Rutland area.

To provide all of these services there is a staff of 25 full-time workers and nine part-time workers. Funds are received from Federal and State sources in addition to local funds, but the Federal grant money is diminishing each year, and there is a continued need for local contributions. Services are provided to the whole of Rutland County and this involves a great deal of transportation of clients and staff. During the past year citizens of Rutland area have continued to offer their services as volunteers in increasing numbers. The staff are always appreciative of this and welcome more help. The support and assistance of the citizens of the area during the past year is much appreciated.

Sincerely,

JAMES M. TODD, M.D., Ph.D.
Medical Director

JMT/nas

Assessors' Office

July 1, 1971

To the Honorable City Council:

The end of the 1970-1971 Fiscal Year marked a new era for the Board of Assessors. For the first time in the history of the City the Assessors worked on a full time basis. After the completion of the 1970-1971 Grand List the Assessors readied themselves for the Reappraisal of all Real Estate in the City. This task began on August 24th, 1970. After the March election in 1971 the Assessors had to stop work on the reappraisal to perfect the 1971-1972 Grand List which was another first in the City History inasmuch that the overall increase reflected the necessity of full time Assessors. Upon completion of the Grand List the Assessors are again devoting full time to the reappraisal of all Real Estate. The 1972-1973 Grand List will be monumental to perfect as it will be another first for the City.

Your Assessors ask for your cooperation and indulgence. There is no reason not to believe that while many parcels will be increased to reflect a reasonable and fair market value the lowering of the tax rate is inevitable. Everyone realizes that the tax rate is what is needed to run the City efficiently. If everyone is assessed fairly in proportion to the value of their Real Estate then no one can complain about the tax rate.

Up to August 24, 1970 the Assessors' hands were tied as to what they could do. I want to compliment former Mayor Nichols, our present Mayor Foley, the entire Board of Aldermen, the City Clerk's office and all the other City Departments for their excellent cooperation. Special thanks go to all of the taxpayers for their efficient help to the Assessors in the reappraisal.

I would be remiss in my duties as Chairman of the Board of Assessors if I did not extend special thanks to the Assessors' Secretary, Mrs. Geraldine Miglis. Also to our helpers—Mr. Ralph Rice, Mr. John Dolan, Mr. Jeffery Wagner and Mr. David Miglis, who have helped us from time to time in measuring lots, perimeter of homes and taking photos, thus enabling the Assessors to finish many more inspections of properties so that 1972-1973 fiscal year will reflect a completely reappraised city.

Respectfully submitted,

JOHN D. PISANELLI *Chairman, Board of Assessors*

City Grand Juror

July 1, 1971

To the Honorable City Council and
Citizens of Rutland, Vermont:

In two short years the number of offenses prosecuted by the Grand Juror has doubled, rising from 784 in 1969 to 1,483 cases in 1971.

Even though these offenses are misdemeanors, it is important for public order and public respect for our laws that each offense be prosecuted to the fullest extent. Prosecuting persons for driving under the influence, driving under suspension, careless driving and speeding ensures greater safety for everyone using city streets.

It is impossible to obtain public respect for our laws, however, unless each citizen is aware that everyone is going to be treated the same. It is therefore, just as important to prosecute each unpaid parking ticket, so that everyone who receives one will know that they must pay them or eventually face prosecution.

A few years ago the City Attorney's salary was doubled from \$8,000 to \$16,000 when it was recognized that his duties had increased. I would hope that this would be the year that the City Council takes cognizance of the similar increase in the work load of the Grand Juror's office and provides a salary which represents appropriate compensation for the legal duties and responsibilities executed.

I have worked extensively with the city police during the past year in carrying out my duties enforcing not only the motor vehicle laws but health, dog, junk car and all other laws as well, and have assisted the Mayor, the Board of Aldermen, the Health Officer and other city officials when requested.

I would like to thank not only the fine members of the Rutland City Police force, but the Vermont State Police, the Rutland County Sheriff, and all others who have assisted me during the year. It is a pleasure to serve the residents of the city as Grand Juror when one receives such excellent cooperation from those who assist me.

Sincerely,

ROBERT EDWARD WEST
Grand Juror

Public Works Dept.

To: The Honorable City Council and
The Citizens of Rutland

It is both a pleasure and an honor to herein submit to you the Annual Report of the Department of Public Works for the year ending June 30, 1971.

Your Department of Public Works is responsible for the greatest range of services to Rutland City taxpayers and residents or any single business, institution, utility or commercial establishment in the City. It is my aim, and hence that of my entire department's personnel for the services within my jurisdiction of: water, sewerage (which includes the sewer lines and sewage treatment plant), streets, solid waste disposal, snow removal, municipal engineering; to be provided with the greatest dispatch and efficiency possible. It is my belief that City governmental services must be provided within the framework of long range plans, for the **greater** good and welfare of **all** its citizens; and provided while at the same time reflecting a sense of human concern for individual needs.

STREETS AND SEWERS DIVISION

The operation of streets and sewers are very ably supervised by Assistant Superintendent of Sewers, Mr. Donald Foster, capably assisted by Foremen, Mr. Donald Santwire and Mr. James Ward. The Division includes the operation of streets, sewers, solid waste disposal and winter maintenance.

Streets

Our annual "Hot Mix" (bituminous concrete) paving program continues. Tons of "Hot Mix" overlay were placed by paving contractor, L. M. Pike on:

Allen St., Ave. B, Ave. D, Baxter St., Bellevue Ave., Brown St., Church St., Cleveland Ave., Court Sq., Curtis Ave., Easterly Ave., East Center, East Washington St., Engrem Ave., Franklin St., Harrington Ave., Hill Pond Rd., Howard Ave., Jackson Ave., Killington Ave., Kingsley Ave., Lafayette St., Litchfield Ave., Melrose Ave., Mona Vista Ave., Morse Place, North St., Piedmont Parkway, Robbins St., Wallace Ave., West St., Melrose Ave. paving included widening of the street adjacent to Lincoln School and curbing by Earle Spencer, contractor.

Within the downstreet area, to coordinate with the TOPICS (Traffic Operation Program to Improve Capacity and Safety) program, the following streets were paved by Vermont Paving in the Spring of 1971:

Center St., Cottage St., Main St., Merchants Row, Pleasant St., Wales St., Washington St.

The next time downstreet is paved, consideration must be given to the restoration of curb face which is lost through successive applications of hot mix overlay.

Streets not receiving the hot mix overlay were given the less durable (and more objectionable with its stone, oil and accompanying dust) surface treatment. The surface treatment consumed 49,706 gallons of MCS00, 11166 gallons of MC3000, 767 tons of grits, 438 tons of sand, 2765 tons of peastone. Some 865 tons of cold patch was used. The lack of adequate drainage control continues to be a costly factor in street maintenance. The completion of the Killington Ave. and the Giorgetti Blvd. projects in Fiscal 1971-1972 will cut down on the maintenance expenditures of these streets.

The sidewalk paving program continued haltingly with the installation of 1273 feet of asphalt sidewalk by Paquette Paving on Lincoln Avenue. The present procedure requiring public hearings to be held prior to sidewalks being paved has held up the sidewalk paving program. Hopefully, as the new use of the procedures outlined in City Charter Sections (176, 177, 178, 179, etc.) become routine, the program will continue in an efficient, proper manner.

Major equipment items purchased during the year were: a multi-purpose Drott 40 yr. backhoe, which doubled as a snow plow during the winter; a pavement breaker; a "Mud Jack" which should help in making sidewalk repairs; and two 34,000 GVW International Dump trucks.

It appears to me that an equipment fund should be established to replace equipment on a regular basis.

Sewers

The present combined sanitary and storm sewer system is not adequate to properly serve the City without flooding streets and cellars in some areas, and causing polluted overflows into brooks, during heavy rains. In addition, at the time of high water tables in the Spring and Fall, ground water adds to the sanitary flows in the lines, thus decreasing their sanitary sewer capacity.

A plan must be prepared which will provide for: staged separation of combined sewers where priority dictates; renovation and rehabilitation of sewers to restore carrying capacity; disinfection of combined sewage where overflows occur.

Fiscal 1970-1971 did see the completion of the sewer projects in the Hillcrest-Division-Clematis area, on Emeritus St., Grand-

view Terrace and on Central Ave. These projects enabled residents affected to connect to City sewers and to discontinue the use of unhealthy private sewage disposal systems. The attention of those persons either with private sewage disposals or planning to build in areas without sewage is humbly directed to the provisions of ¶3453, Revised Ordinances of the City of Rutland.

This coming year should see the completion of the Grove Street sewer project; the Giorgetti Boulevard storm sewer; the Killington Avenue storm sewer; and the Curtis Avenue sanitary sewer.

During the year, the Sewer Division made 57 new connections; built 5 new catch basins and 4 manholes; repaired and rebuilt 22 catch basins and 5 manholes. Main extensions were made on: Central Ave., Charter Hills, Clematis Ave., Division St., Eastview Court, Emeritus St., Grandview Terrace, Killington Ave., Marolin St., Park Court, Thrall Ave. (storm sewer).

Purchases for major equipment items were for sewer rods and a 3" pump. During the year, Mr. Richard Louizell and Mr. Fiori Zullo resigned. Mr. Gerald Raymond returned to duty after hospitalization.

Winter Maintenance

The winter of 1970-1971 produced a record total snowfall of 103.8 inches based upon records of Mrs. George L. Kirk, the Rutland City U. S. Weather Observer. In spite of the record snowfall, expenditures stayed well within budgeted amounts, and the streets were kept clear. The fact that the various snowstorms were well spaced and new equipment proved their worth were factors which enabled us to stay within budgeted figures.

The new International trucks with wing plows, the new Drott with a plow, and the new AC545 Loader added to our regular snow fighting capabilities, and allowed our conscientious, capable and hard working crews to clear the streets with reasonable dispatch. In order to keep the streets clear, it was necessary to use 2915 tons of salt, 1027 tons of sand, and to call on local contractors for snow removal assistance, as well as extra long hours for our personnel. Major equipment items purchased were two snow plow wings and a plow for the Drott.

Solid Wastes Disposal

The weather records show a minimum of 15 degrees below and a maximum of 15 degrees above on February 1, 1971; the day we began a landfill operation at the Dump.

Operating a landfill in our climate is a very expensive proposition, involving considerable expenditures in men, equipment and land. I am in the process of arranging to have an engineering consultant assist me in the preparation of a proposal to the New England Regional Commission for a grant to design a

Rutland materials resource facility. Once the facility comes into being, solid wastes can be processed, recycled or reclaimed. For example: heats of combustion could be used for heating purposes in the new high school; glass reclaimed used in asphalt; rubber reclaimed used in pavements, etc.

New equipment was purchased (AC7G Crawler Loader, AC545 Wheel Loader and a 16T Tilt Top Trailer) for the landfill operation; fences constructed, and facilities for workers installed. The landfill operator is a Special Officer whose orders must be followed.

In an effort to save land, we took advantage of a public spirited citizen's offer, Mr. Earle Thompson, and used Mr. Thompson's land at Curtis Ave. as a Stump Dump. The Stump Dump served very well until the night of June 21, 1971 when it caught fire under suspicious circumstances. We had in addition two major fires at the City Dump prior to the landfill operation. It is my belief that the operation of the Landfill Dump and a Stump Dump (for trees, brush and demolished buildings) should be put on a pay-as-you go basis. Charges could be assessed for dump use by those using it. The present system of dump permits might be maintained along with a ticket system.

We again participated in the Junk Car program. The State of Vermont Highway Department received an award for the way our operation was handled at the dump. The contractor was Hodgdon Brothers.

The Mount St. Joseph Academy students conducted our Clean-Up Week again this Spring (first time in 1970). The operation was a success and should be an annual one for high school students, providing student leaders of the caliber of those of the past two years are available.

WATER DIVISION

The Water Division is sub-divided into the services of Water Resources, Water Treatment and Water Distribution.

Water Resources

The City is extremely fortunate to have Mr. Harry Jasmin in a consultive capacity as Water Resource Manager and Deputy Health Officer.

Water Resource management of the Rutland City Watershed started in 1969, involving all lands within the Class "A" water basin of roughly 15,000 acres, of which Rutland City owns about 4500 acres. A Class "A" water basin is one that retains water in its most pure and pristine state. The remainder is owned by the State of Vermont, Pico Ski Corporation, Sherburne Corporation, lumber companies, private owners and developers.

By 1970, there were 31 commercial, one condominium and 62 private establishments within the City watershed. Two new condominiums have been completed with more to follow.

Additional private homes have been constructed and new ski trails are being developed on higher elevations. The question: How much development can the watershed sustain and remain Class "A"?

In order to properly answer the question, a complete water resource study is required to provide a comprehensive plan for land development, based upon water and sewerage facilities, within the watershed. A step towards accumulating the necessary data has begun with the Rutland Natural Resources Conservation District authorizing a detailed soil survey by the U. S. Soil Conservation Service. The report has provided data which shows that the dominant soils in the watershed have limitations for receiving on site sewage disposal. Data pertaining to water sources, surface runoff, ground water flow through aquifers and future land use is also required. The comprehensive plan established based upon the data could provide the means by which we can insure a safe, adequate and potable water supply for the future.

A close surveillance program of the brooks and potential sources of contamination in the watershed has been established. With few exceptions, the bacteriological (117) and chemical samples taken indicate our water is of good quality, better than last year when the surveillance program began. A need exists for all watershed lands to be properly surveyed with all lines marked and monumented. Mr. Eugene Keenan, our Municipal Forester has done an exceptional job of forest management, and has also provided talks to classes on forestry at the Reservoir.

Water Treatment

Our Water Treatment Manager and Caretaker of the Reservoir, Mr. Rolla Jasmin, continues to accomplish his tasks of care and maintenance of: the City reservoir, the Chlorine house, system pressure valves and pumps, all in a fine, conscientious manner.

Monthly checks of City taps are made recording chlorine residual. The new State Public Water regulations require certain operation certification; to this end Mr. Rolla Jasmin and myself attended a 13 session course for 13 weeks given by the New England Water Works Association at Lowell Tech.

With the new 20" main project completed, Mr. Jasmin's duties have increased in the number of meters, valves, lines and pumps requiring service. A new 5KW emergency generator with automatic changeover has been put into service at the Chlorine house. The generator can also be made portable should the need arise. A standby chlorination kit was set up for emergency use. During the entire length of time Kubricky and Sons were changing over the system at the Chlorine house, the standby unit provided chlorination. New "Nylo Brade" plastic solution lines were

installed and found to be more efficient than the rubber hoses previously used.

At the Reservoir, a vertical gage has been installed by which means one can read off water level and reservoir contents. Other accomplishments are: the continuation of facing of the reservoir banks with marble chips (50% complete); coding by colored posts of all valves from the Reservoir to Division Street; (orange—blowoff, yellow—crossovers, red—main valves); construction of a new gate at the Reservoir; and installation of power at the intake. The above were done while at the same time carrying on the usual yearly maintenance tasks; checking brooks, maintaining intake and valve structure screens, painting and building guard rails, cleaning and repairing chlorine house equipment, reconditioning summer equipment, controlling ice, and plowing reservoir roads.

A total of 35,700 lbs. of chlorine and 400 lbs. of copper sulphate were used.

The State of Vermont has already indicated that it may use its statutory powers to require our drinking water to be filtered in addition to the present chlorine disinfection; however, we should not wait until then to make necessary improvements to our water treatment facilities.

As part of the water resource study previously mentioned, a first stage output should be a new treatment facility, preferably at the reservoir dam. Additional needs are: the present chlorine handling facilities need replacement; prechlorination and water quality monitoring as good insurance; a fence around the reservoir is required; new cribbing for the intake; facing of boiler room walls.

In addition to the generator and emergency chlorination kit, a mower was also purchased.

Water Distribution

The Water Distribution system is maintained in an efficient manner by Mr. Martin Notte. The following summarizes the activities of this service:

	1969-1970	1970-1971
Main Extensions	625' transite 22' c.i. 522' -2" cw	327' transite 1689' c.i.
White Pool		
Hydrants (new)	6	1
Hydrants (repaired-relocated)	3	23
Air Valves	4	—
New Connections	27	48
Relays	25	63
Repairs	20	—
Valve and Curb Boxes	—	71
New Meters	55	603

The inconvenience suffered by water consumers and the amount of work our water crews were involved in past winter on water freeze-ups has made me less favorable towards transite pipe in this climate.

The new 20" main project was completed this year (see diagram). The project was designed by Whitman & Howard, Consulting Engineers; Associate in Charge, Mr. Paul Bucknam; Resident Engineer, Mr. Raymond Walsh; Contractor, John Kubricky and Sons of Glens Falls, New York. Pressures throughout the City increased indicating the success of the project. A variable pressure pump supplied by Aetna Engineering of Rutland was installed in an underground pit at Upland Road. The pump provides water at high pressure for upper Upland Road and Killington Ave. as well as Grandview Terrace.

The City wide meter program was started and 603 Neptune meters were installed. Outside reading meters are available. We are looking forward to completing actions on the underwriters recommendations, particularly the valve program.

Water Pollution Control Plant

The City of Rutland's Sewage Treatment Plant has been cited by Mr. A. W. Albert, State Director of Water Resources for the efficiency of its operation as supervised by Superintendent John R. Carrigan. Please permit me to quote Mr. Carrigan's report verbatim.

"I hereby submit to you the annual report of the Water Pollution Control Plant for the City of Rutland. For sometime we were troubled with pulling gates in case of a bad storm. We are pleased at this time to report that this problem has been corrected, thanks to some of our employees who designed a gate puller. These gate pullers were made out of scrap steel and pipe at no cost to the City of Rutland. Lights were also installed over our new grinding stand and over sludge pit.

The only major repair to the plant was the installing of all new steel wear shoes on our skimmers and cross-collectors on the south settling tank. Several minor repairs are always done during the year to keep the plant in good working condition.

The contract has been let for new steel doors to be installed on the digester building and the grit house building. In time we expect to replace all the wood doors with steel doors.

A total of 192,154,400 gallons of sewage and storm water were processed at the plant during the year. As usual we screened out several hundred pounds of foreign material, such as rags, cans, sticks, leaves and, etc. This material is screened out before we remove the grit which this year amounted to 75 cu. yds. As long as we have a combined sanitary and storm system, we will always have trouble removing the above material and grit. The amount of grit removed this year was a lot less than previous years

because of the fine job the Public Works Department has done in cleaning out the catch basins and sweeping the streets.

It would be a great benefit to our plant if the people of the City of Rutland would pick up any material that collects in the gutters in front of their homes before it is washed into our sewer system. Leaves raked into the gutters and not picked up cause us a great deal of trouble in the fall. Your cooperation in regard to this matter would be greatly appreciated.

During the year it was our pleasure to have 631 people visit our plant. This number was made up of boys and girls from the Rutland Junior High School, Boy Scouts and Girl Scouts, boys and girls from the Green Mountain Conservation Camp and groups from West Rutland and Proctorsville. Also several adults from the City of Rutland and several from the nearby towns and cities. It is always a pleasure for us to have people visit our plant so that we can explain to them just how a treatment plant operates. I would like at this time to thank you as Commissioner for your cooperation during the past year. It has been a pleasure for me to work with you." End of report to me by Mr. Carrigan.

For the future we should consider the following for upgrading of our sewage treatment facilities:

1. Upgrading of our primary treatment of sewage to levels required by receiving waters.
2. Disinfection and sedimentation or screening desilting of combined sewage overflows.

During the year, Messrs. Matt, Sheehan, St. Peter and myself completed an eight session course in Waste Water Treatment. The class session should fulfill some education requirements for new operator certification.

Trees

We have tried to maintain the beauty of our City by properly caring for our trees. This includes removal of dead trees and those with Dutch Elm disease, the spraying and pruning of healthy trees and the planting of new trees to replace those removed. Funds permitting in 1972-1973 we should be up-to-date with the trees tagged for removal.

In the past few years, our record is as follows:

	1967-1968	1968-1969	1969-1970	1970-1971
Removed	86	110	70	88
Planted	75	...	80	5
Sprayed	1600 ±	1600 ±	1600 ±	1600 ±
Stumps Removed	...	103	61	69

Engineering

The engineering staff is involved in just about every aspect of our department's activities. Surveys are conducted of watershed lands, streets, sewerage and water distribution system (including pressure measures) and all City lands. Projects such

as Killington Ave. are field surveyed; plans prepared; materials estimated; and specifications drawn. Plans and records of streets, sewers and water facilities, bridges and city lands are kept up-to-date.

Consultive engineering services are provided all City departments in varying degrees. A great deal of effort has been expended with regard to TOPICS. The new planimetric maps have been of great value in depicting the various city projects.

The U. S. Corps of Engineers program, Operation Foresight 71 provided funds which enabled us to get the siltation at East Creek and Otter Creek removed, as well as to deepen the channel up to the West St. bridge. The dredge "Belmar" of Mobile Pump and Dredging did the work. The U. S. Corps of Engineers also retained Earle and Merry to construct a dike at the Moon Brook Interceptor Chamber and to clear Moon Brook at Strongs Ave. and the railroad embankment culverts.

Operation Foresight 71 was initiated through Vermont Civil Defense, our Director Aldo Manfredi coordinated the effort with my office. The Board of Aldermen authorized me to hire a Municipal Engineer. The hiring of another engineer to assist me by supervising our engineering operation will be valuable.

Personnel changes for the Engineering staff during the year were as follows:

Mr. Larry Rosecrans,	Engineering Technician B—Resigned
Mr. Nelson Tift,	Engineering Technician B—Resigned
Mr. Richard Swartz,	Chief of Survey —Resigned
Mr. Richard Lunna,	Engineering Technician B—Hired,
	(Resigned)

Mr. Norman Favor, Sr.,	Engineering Technician B—Hired
Mr. Raymond Walsh,	Chief of Survey —Hired

Mr. Favor returned to the Department after being with ACF Precision Surveys.

Mr. Walsh comes to us from Whitman and Howard.

Administration

The staff supervised by Administrative Manager, Herbert Erickson, continues to provide: cheerful information and assistance regarding water, sewer, and street problems; permits as requested by office visitors; detailed accounts of all receipts and expenditures of the Department of Public Works; compiling payroll records and other required statistical data; processing of building permits; and maintenance of files. We are looking forward to the establishment of new accounting systems and controls for the department; ideally, the payroll, projects, and water records could be on a computer system. Mr. Erickson also is the Safety Supervisor for my department. Recent regulations make it mandatory that proper attention is given to safety requirements. The joint union-management Safety Committee was

activated. Local 1201 of the AFSCME (President, Paul Lynch) has been very cooperative in this effort.

The actions of the Safety Committee have resulted in a savings of dollars over the past two years.

1. 49 employees of the Department receiving defensive driver training awards.

2. Less injuries and time loss due to accidents.

Our employees also took part in a tuberculosis clinic.

Personnel changes for our administrative staff were as follows:

Mrs. Paul Cillo,	Clerk-Typist	—Resigned
Mrs. Mary Muzzi,	Clerk-Stenographer	—Hired
Miss Mary C. McCormick,	Administrative Assistant	—Retired

Our Administrative Assistant, Miss Mary C. McCormick, retired this Spring. I suppose after 38 years of exemplary service to the City and her many bosses, "Tiny" deserved her retirement; but I will miss her, and I am sure everyone in our department will also.

I wish to thank Mayor William Foley, former Mayor Harold Nichols, the Board of Aldermen, the other City department heads, all the members of my department and the citizens of Rutland for their cooperation and assistance.

Respectfully submitted,

LYMAN H. STYLES, JR.

Commissioner of Public Works

Board of Zoning Adjustment

*The Honorable City Council,
Rutland, Vermont;*

Gentlemen:

I hereby submit my report of the activities of the Board of Zoning Adjustment for the year 1970-1971.

Due to some changes in the Zoning Ordinance we made more inspections and granted more variances to comply with the ordinance than we generally do.

Some were for homes where the lots were not the proper size to meet the new change, but were owned by the parties before the changes were made and others were for mobile homes.

We granted more variances for small business: gift shops, dental offices, real estate and doctor's offices. Remodeled a couple of homes for Professional buildings. Gave variances for "Boutique Internationale," the rebuilding of a couple of garages for business and the opening of a Day Nursery School.

In closing we wish to thank our Honorable Mayor Foley, all members of the Board of Aldermen, our Zoning Administrator, James Crandall, and other City Departments for their co-operation and assistance at all times. It was very much appreciated.

Respectfully submitted,

BOARD OF ZONING ADJUSTMENT

MARY V. QUIGLEY, *Secretary*

RUTLAND VISITING NURSE ASSOCIATION, INC.

132 State Street

Rutland, Vermont

September 23, 1971

ANNUAL REPORT TO CITY OF RUTLAND

The Rutland Visiting Nurse Association is a certified Home Health Agency. We have been certified under the Medicare program since 1967. The agency has been in existence in Rutland City since 1946 and continues to serve the residents along with expansion into surrounding areas.

We give part-time nursing service in your home for you and your family. We have professional nurses, a licensed practical nurse, and a home health aide. We also have a physical therapist, speech therapist and an orderly on a contractual basis. We also have a nurse coordinator that works closely with the hospital on discharge planning. We feel this gives us a well rounded staff to care for your health needs.

Our nurses continue to serve on area clinics. Other services offered with direction from the patient's physician are:

- 1) Skilled nursing care in acute and chronic illness.
- 2) Instruction in the care of the patient in the home.
- 3) Treatment and medications such as:
 - Surgical dressings
 - Hypodermic injections
 - Irrigations
 - Hot packs
- 4) Instruction in maternal and infant care during pregnancy, and after the baby comes.
- 5) Family health guidance:
 - In prevention of disease
 - In healthful living
- 6) Physical therapy
- 7) Speech therapy
- 8) Home Health Aide and Orderly Service

Anyone who can is expected to pay the full fee. Those unable to do so receive the service for a part fee or free through the support of the Rutland Regional United Fund, funds from the city and towns being served.

You can reach us at 132 State Street or by calling 775-0568.

The following is a breakdown of the number of nursing visits in Rutland City for the past seven months. January through July, 1971.

Clinic Hours.....	4½	7	40½
Orderly.....	1	1	5

Due to cut-backs in Medicare, we had a very large deficit last year in the city. We absorbed approximately \$17,661.00 worth of free nursing care visits for patients that were rejections resulting from Medicare or Medicaid's determination. These rejections resulted after Medicare started a utilization committee and decided the Medicare law was being misinterpreted and misused. They now have more stringent rules. We were fortunate that the State of Vermont helped us in our time of need; so we can still be serving your city and the other areas.

We deeply appreciate the support by Rutland City* in the amount of \$4,000.00 for our agency's work. It is obvious that our needs continue to increase.

Respectfully submitted,

EVELYN P. MORGAN
Director-Supervisor

VERMONT DEPARTMENT OF SOCIAL WELFARE Montpelier, Vermont

September 24, 1971

REPORT TO THE CITY OF RUTLAND

Dear Sir:

This is the third year that this Department, as a courtesy, has reported to each town and city the amounts spent and people aided in each locality under the various Social Welfare programs. This report replaced the previous annual notification to each town of the charges that had been assessed against their community for their share of State operated welfare programs. The enactment, by the General Assembly, of the Social Welfare Act of 1967, eliminated sharing in State welfare costs at the local level and, as a result, the requirement for reporting to the towns.

All of the figures reported this year are for calendar year 1970 except the General Assistance figures which are for fiscal year 1970, that is, the twelve month period ending June 30, 1970. General Assistance is the program that was formerly operated by your Overseer of the Poor. Monthly average number of recipients is a monthly average of total people served, except in General Assistance where the count is of cases rather than total people within the cases as the latter count is not available.

Program	Amount	Monthly Average Number of Recipients
Aid to the Aged.....	\$236,411.00	272
Aid to the Blind.....	8,496.00	6
Aid to the Disabled.....	110,910.00	90
Aid to Needy Families with Children.....	486,935.00	760
General Assistance.....	10,694.00	71
Bonus Food Stamps.....	86,681.00	806

The above figures do not include money payment recipients residing in nursing homes or mental hospitals as there does not appear to be a fair way of assigning a town of residence to these people.

In addition medical vendor payments for the calendar year 1970 totaled about \$15,000,000 (more than one-third of all Department expenditures) and payments in behalf of committed children totaled over \$1,400,000 for a monthly average of over 1,550 children. No doubt, residents of your community were numbered among those who benefited by these expenditures.

Sincerely,

J. W. BETIT
Commissioner

Rutland County Humane Society, Inc.

*To the Honorable City Council,
City of Rutland, Vermont:*

Gentlemen:

During the fiscal year 1970-1971, 1,650 animals were cared for at The Rutland County Humane Society shelter. About 45% of these were from the City of Rutland. These figures do not include the dogs brought in by the Dog Officer.

Our Humane Agent, Edward Wheeler, checked about 50 complaints in the City, in addition to the cases on which he worked with the Police Department. We used traps to capture several wild animals, which were released in the country.

Our operating expenses for the year were \$11,182.16, an average cost of \$6.75 per animal handled. We received \$3,000 from the City, the balance coming from Towns in the County, individuals donations and fund-raising activities.

We are most grateful to Mayor Foley, Ex-Mayor Nichols, the members of the Board of Aldermen, and to Police Chief Jenne and the Officers in his Department for the support and cooperation we have received from them.

Respectfully submitted,

ELLEN H. PORTER
Treasurer, R.C.H.S.

Rutland Housing Authority

To the Honorable City Council:

Gentlemen:

On May 19, 1971 ground was broken for the 75 Unit Project for the Elderly at the end of Norton Place and on May 26, 1971 for 75 Units of Family Housing located between Forest and Granger Streets. Work has been progressing rapidly and the family units might be ready for occupancy soon after the first of the year. The Elderly Project should be completed sometime in March or April barring any unforeseen delays. Applications for admission to both projects will be screened and processed approximately 60 days before completion.

The Housing Authority feels that with 75 new units for elderly and 75 units for family housing, we will have started to help solve the housing shortage of the City of Rutland. When all the new housing is occupied and if there is still an urgent need for additional low income housing, we will try to build either additional units or embark on a leasing program to further solve the housing shortage within the City.

Respectfully submitted,

FRANCIS F. WATERMAN, *Chairman*
Rutland Housing Authority

The Chaffee Art Gallery

September, 1971

Mayor William Foley and
The Citizens of Rutland, Vermont:

The Chaffee Art Gallery Annual Report

The Trustees of the Chaffee Art Gallery would like to take this opportunity to express their appreciation to the Mayors and to all of the City Officials who have helped to promote and support the Gallery through its first ten years of growth. A thank you must also be extended to the Chaffee family for the use of the Gallery building and to all of the area people whose cooperation has made these past years possible.

The Gallery, sponsored by the Rutland Area Art Association, Inc., is now entering a new decade, an era of change and new ideas. In striving to keep up with this change, the following programs were presented this season, a varied program with something of interest for all ages.

The public had the opportunity to view five major shows of paintings, prints, sculpture, photography and crafts. The opening show ranged from a loan exhibit of paintings from Honduras to humorous art in celebration of the 75th anniversary of the comic strip. Senior Citizens and the children from the art instruction classes had the opportunity to exhibit their work along with the professionals. The Gallery was used again for the annual Rutland Garden Club flower show. The out-door "Art in the Park" festival attracted hundreds of visitors with over 600 paintings displayed. There were demonstrations by artists and craftsmen and a dance performance was presented both days.

Many other events were also offered to the public without charge. They were: An evening with Corky Christman and his harp; two "Sometime Theater" presentations; Folk and Country songs as well as Chamber Music; Robert Frost poetry readings, color slide shows and painting demonstrations.

Even with this full schedule, the Gallery was operated by volunteers and only two part time paid workers. The Executive Board and the Trustees managed all of the business, finance, programming and public relations. This art center is far too big of a project now to continue to run on its present basis and a full time assistant is being obtained for next season to help operate this growing venture.

The City Grant of \$1,500 is the only known amount of income and is only a small part of the necessary operating costs of nearly \$7,000. More public support will be needed to meet the increased budget for 1972. The following financial report is presented to substantiate this statement.

Respectfully submitted,

KATHERINE KING JOHNSON
Executive Director

City Treasurer

August 16, 1971

To the Honorable City Council,
Rutland, Vermont:

Gentlemen:

I present herewith the 1971 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1971.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$264,000.00 were retired. Payments of \$8,962.30 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$72,705.00 of which interest amounting to \$23,310.00 was paid on outstanding school construction bonds.

GENERAL FUND: This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services and other miscellaneous revenues.

During the fiscal year ended June 30, 1971, revenues actually received were \$53,078.46 more than budget estimates and expenditures were \$194,814.07 less than budgeted appropriations.

SCHOOL FUND: During the fiscal year ended June 30, 1971, revenues actually received exceeded budget estimates in the amount of \$341,566.14 and expenditures were \$287,651.60 greater than budget appropriations. As at June 30 there was a surplus in the amount of \$53,915.16.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1971.

Summary statement of cash receipts and disbursements presented as Schedule 1, summarizes the activity of the various funds during the fiscal year ended June 30, 1971.

Respectfully submitted,

W. J. SIMONDS
City Treasurer

Auditors' Report

August 17, 1971

To the Honorable City Council,
City of Rutland, Vermont:

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1, 1970 to June 30, 1971.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1971 and the result of operation for the fiscal year.

Respectfully submitted,

R. NEWTON OWENS

JAMES L. RALEIGH

WARREN G. GOODRICH
